This is something that I really did not want to do but I need all of your help.

This has nothing to do with the program but I can make one promise to you all that if anyone does decide to help me, it will be rewarded.

This is more of a person matter more than anything else.

Before I get into what I need, I will tell you what I will do for anyone that does offer to help.

Some may think what ever they want. Some will think the worst of me.

However, when people asked me to help, I did when I could but not it is my tur to ask.

Right now I am adversitising my Harley for sale and will also be selling other thigs of value.

I rather not sell everything that i have but I have too in order to do what I must in the next few months.

Anyone wanting to help me I will give what I get for one Key policy.

For each Key Police issued, I received the exccact amount that is paid as referral, \$10,000, (Ten Times the Regular Policy) Anyone that can give me \$1 USD, I will give him/her 1,000 times what you give me.

Very simple.

As I said, some if not many will scream about this but this is a personal matter and has nothing to do with the program but I will compensate from my returns of the program.

There are over 8000 Keys that are going to be issued so I am not worried about giving everything I have coming. Anyone asking how much I need, well, it is a lot but not as much as the total Key policies. What I need is about \$75,000. That is only 750 people at \$100 each. I know that for some, this is a lot.

There are also other things that I am doing and anyone that wants to help me here will be notified about it and I can assure anyone that it will be good.

Indonesia has it's good and bad things about it. What is Bad is the corruption withing the government and orhter businesses.

There are also good things about this country and that is when you know someone, you can have access to stuff that can really bring you al lot of advantages. A lot of this is also corruptct but this is part of life here. Anyone knowing how Asia works will understand this.

Anf another part of my asking is that part of this involves my getting my daughter with me.

There is personal stuff involved, (My Daughter and also Business)

For those that do want to help, please send to my HSBC account at:
